

RLI Marine

A division of RLI Insurance Company

An RLI Marine Artisans policy is coverage your clients need to ply their trade

In most cases, a marina's liability insurance policy excludes independent artisans and contractors working on their premises. Many marina owners usually don't know such an exclusion exists, thus they don't know their risk if an artisan were, for example, to injure others, or pollute their marina. The watercraft being worked on is rarely transported to the artisan's workshop, so RLI encourages you to recognize the interdependency of the marina owner and independent artisan, and its effect on liability exposures.

AT RLI, WE'RE DIFFERENT — AND THAT'S GOOD FOR YOU.

RLI Marine's underwriters are an experienced crew. Each office is staffed with seasoned professionals who respond to market demands and opportunities more quickly than many of our competitors. Our clients benefit from our niche underwriting focus and the creative approaches we deliver. We listen to the requests of our customers and find ways to meet their needs. The result? Producers have a reliable market for coverage, and insureds get a program tailored to their unique needs.

Our claims staff is experienced in all types of marine claims and is proactive in the settlement process should a loss occur.
