

RLI Marine

A division of RLI Insurance Company

The right equipment needs the right inland marine insurance

Your customers need specific equipment to do their jobs just the right way. And they need the right insurance coverage to protect the tools of their trade. An RLI inland marine policy offers the best coverage for contractor's equipment, as well as outstanding standard inland marine protection and additional coverages.

AT RLI, WE'RE DIFFERENT — AND THAT'S GOOD FOR YOU.

RLI Marine's underwriters are an experienced crew. Each office is staffed with seasoned professionals who respond to market demands and opportunities more quickly than many of our competitors. Our clients benefit from our niche underwriting focus and the creative approaches we deliver. We listen to the requests of our customers and find ways to meet their needs. The result? Producers have a reliable market for coverage, and insureds get a program tailored to their unique needs.

Our claims staff is experienced in all types of marine claims and is proactive in the settlement process should a loss occur.

RLI MARINE COVERS ALL TYPES OF EQUIPMENT FOR A VARIETY OF CONSTRUCTION FIRMS

We usually write coverage on a scheduled blanket basis. We will consider the value shown on the equipment schedule as the best estimate of the insurable value for each item listed, as well as the maximum amount payable. Each anniversary requires an updated schedule submission, and we adjust the prior year's premium accordingly.
