Board of Directors

1. Board Membership

1.1 Independent Directors

A majority of the members of the Board shall be comprised of Independent Directors. The Board shall determine that each “Independent Director” has no material relationship with the Company (either directly or as a partner, Shareholder or officer of an organization that provides goods or services to the Company). The Board has adopted a written Statement of Policy with respect to Related Party Transactions (Appendix A), which is applicable to all Directors and Officers. The Board has also adopted independence standards applicable to the Directors (Appendix B) which are substantially similar to those set forth in the Listed Company Manual of the New York Stock Exchange.

1.2 Non-Management Directors

Directors that have a relationship with the Company, but are not considered management employees are “Non-Management Directors.”

1.3 Management Directors

Directors employed by the Company in a management position are “Management Directors.” If the Chairman of the Board also serves as Chief Executive Officer, the Chairman shall be deemed a Management Director. If the Chairman of the Board does not serve in a management role, but remains an employee of the Company, the Chairman shall nonetheless be deemed a Management Director for purposes of 9.2 herein (“Director Compensation”).

1.4 Lead Director

When the Chairman of the Board is not an Independent Director, the Board will utilize a Lead Director. The Lead Director shall be an Independent Director and shall be appointed by the Independent Directors. The Lead Director position shall be governed by a Charter, as approved and revised by the Independent Directors, and shall otherwise have duties as set forth in these Corporate Governance Guidelines.

2. Executive Session

All Independent and Non-Management Directors will meet prior to each quarterly Board meeting to promote open discussion among Non-management and Independent Directors. If the Chairman of the Board is an Independent Director, such director will preside at these meetings. If the Chairman of the Board is not an Independent Director, the Lead Director will preside at such meetings, as set forth herein and in the Charter for such position. At least once a year the Independent Directors will meet in executive session without Non-Management Directors.

3. When a Director Changes Occupation

When a Director's principal occupation or business associations changes substantially from (a) the positions and associations the Director held when originally invited to join the Board, or (b) subsequent position and associations held by such Director, the Director shall promptly notify the Nominating & Corporate Governance Committee. In such case, the Director shall tender written resignation to the Board, subject to acceptance or rejection of such resignation by the Board. The Committee will review whether the new occupation, position or affiliations of the Director (a) are in the best interests of the Company and its stockholders, (b) are consistent with the specific rationale for originally selecting and retaining the individual, (c) that no material conflict of interest will exist, and (d) that such changes will not cause the Director to become non-independent under the Company's requirements for Director independence. Based on such Committee review, it shall determine whether to accept or reject such resignation and make appropriate recommendations to the Board for confirmation. If the Board accepts a resignation, it shall be effective as of the date determined by the Board.

Independent Directors are encouraged to limit the number of other Boards on which they serve, taking into account conflicting dates, possible conflict of interest and the required work level. Directors should advise the Chairman of the Board in advance of accepting an invitation to serve on another Board.

4. Term Limits

There is no limit on the number of times a Director may be elected. The Nominating & Corporate Governance Committee will review each Director's contribution to the Company at the end of the Director's applicable term. The Committee will then recommend to the Board the names to be placed on the Shareholder proxies for re-nomination.

5. Retirement

RLI has no mandatory retirement age for Directors.

6. Director Emeritus

A Director who has served for more than ten (10) years and has retired may be appointed as a Director Emeritus to serve at the pleasure of the Board, without compensation other than reimbursement for travel expenses incurred. A Director Emeritus may be invited to attend such portions of the meetings of the Directors and Shareholders as the Board shall determine to be appropriate and shall have no vote on any Board matter.

7. Board and Committee Agendas

To allow for proper staff work, proposals to be discussed at a Board meeting are limited to those proposals listed on the agenda.

The Corporate Secretary shall prepare the agendas with the Chairman, Chief Executive Officer, General Counsel, and Committee Chair's input. Each member of the Board may suggest items to be included on the agenda not less than ten (10) days before the meeting is to be held.

Information and data that is important to the Board's or Committee's understanding of the issues to be discussed will be distributed in writing to the Board and its Committees before they meet. Management will make every attempt to keep this material as brief as possible while still providing the desired information. On those rare occasions in which the subject matter is sensitive the presentation will be discussed at the meeting with or without handouts.

8. Reports

The Chief Executive Officer shall prepare memos to the Directors between meetings when important events occur. A financial summary presentation shall be made at each meeting.

9. Responsibilities

Each Director shall support and help the Company achieve its objectives by being available for consultation to the Company's executives, maintaining a positive public attitude toward the Company, attending as many meetings as possible and carrying out the functions as prescribed in the By-Laws. 9.2 Director Compensation

With the exception of Management Directors, fees are the only compensation a Director may receive from the Company.

The Nominating & Corporate Governance Committee has the responsibility for, among other things, recommending to the Board the compensation and benefits for Non-Management Directors. The Committee should base the level of Director compensation on fair pay commensurate with time spent in carrying out Board and Committee responsibilities and be competitive with comparable companies. To accomplish this, the Committee reviews material gathered from various Directors' compensation sources. The Committee also believes a portion of Directors' compensation should align Directors' interests with the long-term interests of the Company and its Shareholders. Annually the Committee reviews the Directors' compensation and benefits, including the Chairman of the Board fee, for recommendation to the full Board for approval. Management Directors receive no Director compensation. The Committee's Charter sets forth in detail the purposes, goals and responsibilities of the Committee with respect to Director Compensation.

9.2.1 Change in Membership When a director is appointed, retires or a change in Committee or Chairperson membership occurs ("Change"), all fees will be prorated as of the date of the Change and paid on a 365-day basis (or in the event of a leap year, all fees will be prorated on a 366-day basis).

9.2.2 Director Stock Ownership Directors are strongly encouraged to, within five (5) years of their initial appointment as a Company Director, beneficially own shares of the Common Stock of the Company having a value of not less than five hundred thousand dollars (\$500,000). Each Director has the option of deferring Director's fees until retirement and departure from the Board.

A Director or an affiliate of any Director shall not (a) take any opportunity that is discovered through the use of Company property, information or position; (b) use Company property, information, or position for personal gain; or (c) compete with the Company. However, membership on Boards of competitors may be waived by the Board (excluding any such Director) in its discretion.

9.3.4 Policy. No Director shall have any position with or a substantial financial interest in any other business organization, the existence of which would conflict or might reasonably be expected to conflict with the proper performance of the Director's duties or responsibilities with the Company, or which might tend to affect the Director's independence or judgment with respect to transactions between the Company and such other business organization, without full and complete disclosure to and approval by the Board.

9.4 Assessing the Board and Committees' Performance

The Board and each of the Committees shall perform annual self-evaluations to determine whether they are functioning effectively. The Nominating & Corporate Governance Committee will develop and conduct the Board evaluation, the results of which are discussed with the full Board, and will ensure that each Committee of the Board conducts its own annual self-evaluation.

The sources through which Directors acquire and maintain this knowledge include webinars, websites, periodicals, newsletters, director education programs, conferences and seminars.
